## Introduction: What would be helpful to know before we begin?

### Proverbs

It is believed that Wise Solomon wrote the book of Proverbs, although there were other contributors. It is often called the book of Wisdom and it is still quoted as wise words for today. Amazing to think that wisdom has been passed down to us from 950 years before Jesus was born. In this passage the writer paints a picture of a garden that has been neglected by its owner. It could be used as a metaphor for faith, it is God who grows the seed of faith but we still need to do our part. Nurturing our faith, supported by others who help our faith to grow and develop. We have also used this passage to consider how we ensure there is balance in our lives. Time to rest is good but also time to get busy and do what needs to be done.

Be careful that this isn't about saying you are not allowed to rest it's more about ensuring that the things you are caring for and nurturing are always cared for; Even if someone else helps with that. Take care that the session isn't a guilt trip, there is a lot of burnout amongst Christians.

Be aware that many children will be very busy with extracurricular programmes etc and this isn't
